

bathtub

## westerbergs vik

An exclusive bathtub made of first-class material and with the latest technology. Exciting contrasts with a silky mat surface and thin fine lines on the edges of the bathtub which meets robust black lacquered legs in stainless steel.

L: 1600 W: 700 H: 690 mm

420 l. Weight 246 kg.

Art. nr. 200 810 40 white mat

Each bathtub is made by hand of natural solid material. It is a durable material that both keeps the heat and it is easy to clean. If the tub is damaged, it is easy to polish off any scratches. Remember not to expose the surface to acids, ammonia or caustic soda. Comes with chrome bottom valve, drain pipe and adjustable feet.

We reserve the right to make changes to the specification
